

DING DONG, 07SO60
RAFFLES JUNIOR COLLEGE

I designed this picture of landscape to express a sense of serenity and artistic beauty of the nature. Far away from the mundane world, a peaceful picturesque landscape appeared on the screen represented by the sun, the mountains, the fruitful tree and the river. Moreover, the wild geese flying over the mountains added some vitality to the tranquil scenery. In the process of designing, I have learned about and explored the techniques of drawing pictures using GC. Also, I have learned to be patient and careful since the designing requires a lot of time and circumspect work.
