

**HU MEIBO, 07S36**  
**VICTORIA JUNIOR COLLEGE**

**It is always the most breathless moment when the baseball is just about to leave the player's hand. I use my graphics calculator to capture the beautiful posture of the player at this moment. A big baseball is used as the background because it looks like the pattern of Tai chi. When throwing the ball, the player has to control his force skillfully just like what Tai chi promotes.**

**I learnt how to use the techniques of drawing to create shapes we want. Math can be so fun. We can draw anything we want on the screen!**
