

HE YINGSHU, 06ip03
NATIONAL JUNIOR COLLEGE

I draw this picture because I like basketball.

Like most of sports, basketball is all about speed and techniques. The vertical lines behind show the upward motion of the player. From the expression of the player, we can see that he is very composed and confident. These are the values that every sportsman should have.

I have used GC for more than 2 years but this is my first time to use it to draw picture and I feel it is very interesting.
