

**AMELIA WIBISONO, 4G  
METHODIST GIRLS SCHOOL**

**Skateboard is one of the extreme sports. This challenging sport required confidence and bravery for those who want to play it. Skateboard is not limited by field for its playing area. It can be played on open space like streets and stairs - like what are drawn in my picture. I love skateboard so much as when I play it, it feels like I'm on the air. I also add on graffiti on the wall to express youth spirit and their love for skate.**
