Formula 1 (F1) race has been a grand, mega sport event in Singapore as this is Asia's first F1 street race as well as the first night-race in F1 history. Thus, the race which will take place on the 28th of September this year, does grab my attention. In my opinion, it is the kind of sport which is suitable for this fast-paced and modern society.

In fact during the designing process, I learnt many fun things about graphic calculator and also about math.
