

DANG DINH HUNG, 3G2-2
SAINT JOSEPH'S INSTITUTION

I choose pool because pool is my favourite sport which needs accuracy, flexibility , strength as well as skills and a lot of practice. Pool players are artists who has created amazing, incredible and memorial moments for audience, including myself. Normally, people tend to forget pool, considering it as an entertaining game but a serious sport. Through the picture, I want to show people that pool is also a wonderful sport. Through the process, I have discovered that the sine graph can actually be used to represent the spectator and also learnt that we all need patience to finish a job
