

FAN KEVIN, 4D
HWA CHONG INSTITUTION

When people see panda, most would immediately think of China. In this very special year, the Olympics is held in China. The Olympics has always been where the best sportsmen compete. My design is dedicated to the 2008 Beijing Olympics. As you can see, there is a running stick figure with a Olympic sign over his head running in a bamboo bush with a panda, symbolizing that the Olympics is held in China.
